An introduction to the

EYFS Curriculum 2021

Dear parents,

We would like to wish you a warm welcome to the British International School of Tunisia. We are delighted that you have chosen our school to start your child's educational journey.

Every child deserves the best possible start in life and the support that enables them to fulfil their potential. Children develop quickly in the early years and a child's experiences between birth and age five have a major impact on their future life chances.

A secure, safe and happy childhood is important in its own right. Good parenting and high quality early learning together provide the foundation children need to make the most of their abilities and talents as they grow up. 2.

The Early Years Foundation Stage (EYFS) sets the standards that all early years providers must meet to ensure that children learn and develop well and are kept healthy and safe.

It promotes teaching and learning to ensure children's 'school readiness' and gives children the broad range of knowledge and skills that provide the right foundation for good future progress through school and life.

The EYFS seeks to provide:

- quality and consistency in all early years settings, so that every child makes good progress and no child gets left behind
- a secure foundation through planning for the learning and development of each individual child, and assessing and reviewing what they have learned regularly
- partnership working between practitioners and with parents and/or carers
- equality of opportunity and anti-discriminatory practice, ensuring that every child is included and supported.

By the time your child leaves us in EYFS to begin their first year in the national curriculum; we aim for them to achieve the early learning goals.

Below are the skills that your children are working to develop by the end of Reception.

Communication and Language

ELG: Listening, Attention and Understanding

Children at the expected level of development will:

- Listen attentively and respond to what they hear with relevant questions, comments and actions when being read to and during whole class discussions and small group interactions;
